This list is compiled based on song requests made using the DJ Event Planner song request system www.djeventplanner.com

He was professional as DJ and personal as an MC. He set an amazing tone for the evening and ensured everything was spot on time. The guests all commented on how well the music progressed into the night and how friendly The DJ was. It was an absolute pleasure to have him at our wedding. The system was easy to use and the office was always prompt and helpful. They made us feel like we had nothing to worry about when we had little idea about what we needed to do regarding the music. Their advice and help was greatly appreciated.
